NOTE FOR: DDCI

FROM: Dave Gries *DK*

SUBJECT: Security Countermeasures Hearing - OMB Request

Arnold Donahue, OMB, wants to look at your testimony for the security countermeasures hearing. We think compliance would set a bad precedent. Donahue made the request because NSA, without our knowledge, sent OMB a copy of their testimony for the same hearing.

We are trying to turn it off at staff levels, but if we fail, you may have to call Jim Miller.

This note reflects the views of Al Burkhalter and Danny Childs.
